

COMP 150: Basics of Computer Organization

Week 01, Lab 01

Simple!

1. Check Piazza access
2. Head to colab for a quick introduction
 - a. <https://colab.research.google.com/>
3. Text:
 - a. `print("Hello, World!")`
4. Variable:
 - a. `something = 15`
 - b. `print(something)`
5. Add a comment:
 - a. `# Your name goes here`
6. Submit:
 - a. Share -> Anyone with Link -> Editor -> Copy
 - b. Download .ipynb and attach
 - c. Submit!
7. Optional but *highly* recommended: install Jupyter on your OS
